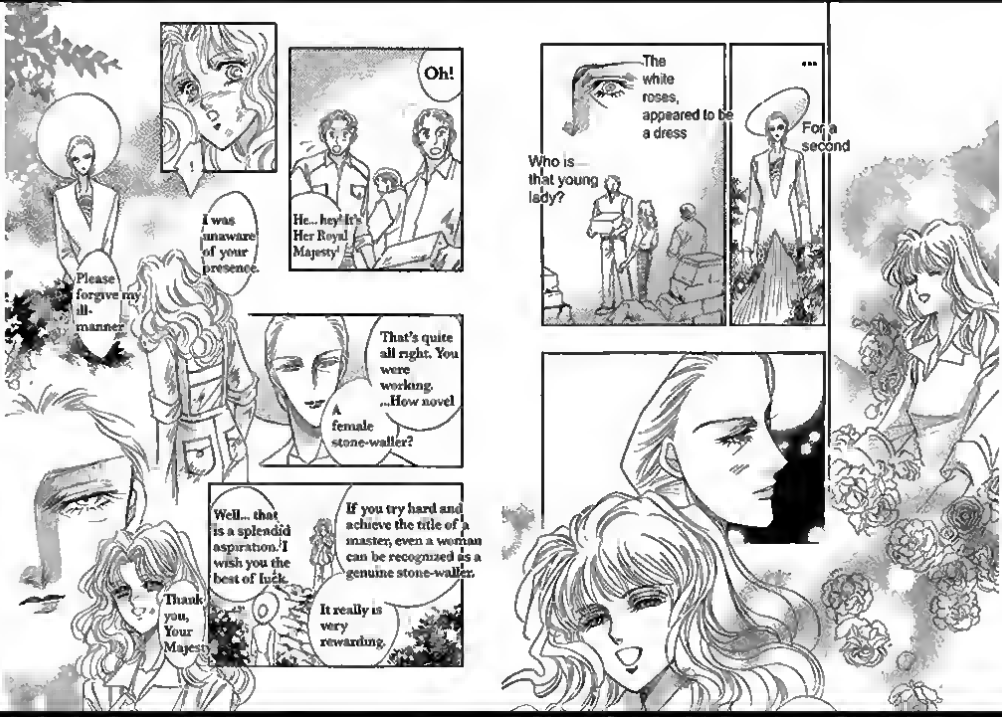
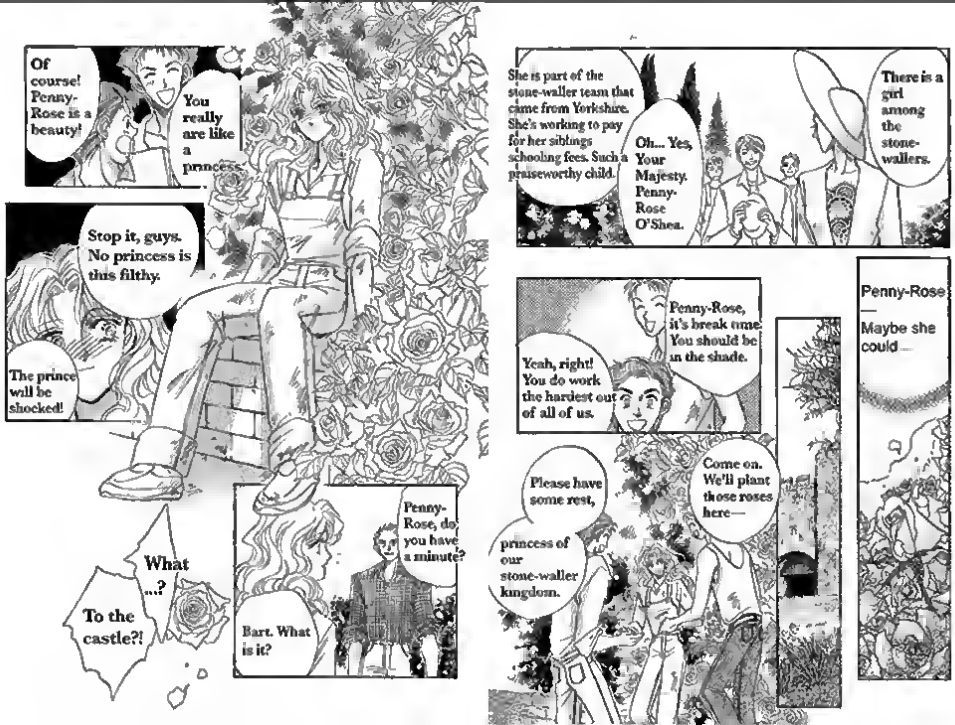
Whoosh
...Oh
How is the work progressing in?
Yes, Your Majesty. Everything is going well.
Over here? Penny-Rose?
Those stones go over there.
Yes.
My... That is—



Oh!
He... hey! It's Her Royal Majesty!
I was unaware of your presence.
Please forgive my ill-manner.
That's quite all right. You were working. ...How novel! A female stone-waller?
Well... that is a splendid aspiration. I wish you the best of luck.
If you try hard and achieve the title of a master, even a woman can be recognized as a genuine stone-waller.
It really is very rewarding.
Thank you, Your Majesty.
The white roses, appeared to be a dress
Who is that young lady?
...
For a second



Of course! Penny-Rose is a beauty!
You really are like a princess.
Stop it, guys. No princess is this filthy.
The prince will be shocked!
What ...?
To the castle?!
Penny-Rose, do you have a minute?
Bart. What is it?
She is part of the stone-waller team that came from Yorkshire. She's working to pay for her siblings schooling fees. Such a praiseworthy child.
Oh... Yes, Your Majesty. Penny-Rose O'Shea.
There is a girl among the stone-wallers.
Penny-Rose, it's break time. You should be in the shade.
Yeah, right! You do work the hardest out of all of us.
Please have some rest, princess of our stone-waller kingdom.
Come on. We'll plant those roses here—
Penny-Rose
—
Maybe she could—

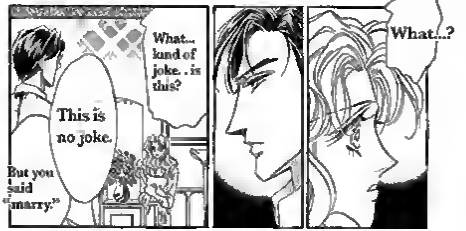
We'll come find you straight away!
Good luck!
Be careful!
come rescue me from the castle dungeons, okay?
If I don't return by nighttime
I still believe this is absurd, Mother.
It is not absurd. It is your obligation, Alastair de Castahne.
What could she possibly want?
I have no idea either. Can you think of... any reason why she wants to see you?
What...? Her Majesty did?
Her Royal Majesty Marguerite summoned you.
I don't recall saying anything offensive...
...Oh! Now that you mention it, about a week ago she came over and talked to me.
It's fine. I'll go see her.
In any case, can you pay a visit?
She's a very important employer
I could come with you if you like.

My clothes are covered in dirt!
My
What should I do?!
In spite of that— This place—
I keep turning back to check I haven't left a trail of dirt!
The wooden floor is inlaid
Marble and the finest quality Belgian carpet
And.. this does not matter to you?
If you turn your back on this trial—
Castaliae, our beloved home province, will be lost
Forever—
Fine, Mother.. I will try my utmost best.
to this unreasonable proposition ..
If the woman you chose answers "yes"

Seat . . Sit down?!
If you could be so kind as to tell me why I'm here, then I will be on my way before I make anything dirty
I... I cannot!
Thank you for coming, Penny-Rose.
Please, take a seat.
We will just confuse her if we explain the situation long-windedly
Mother
...
Now don't say that. I even had tea prepared for you.
But...
Creak
Please, this way, Penny-Rose O'Shea.
This is a real— castle!
And this is—
A real prince!

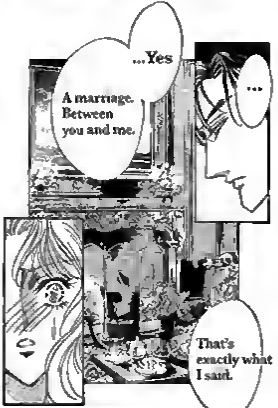
that he was such an intense individual
But in reality— I would have never guessed
I get so drawn in
tha charisma of a real royal family—
This is
For just one year.
I would like you to marry me.
A real— prince
Thump
Prince— Alastair de Castaliae
Let us tell her the truth— The straightforward truth.
He acquired a reputation as a European— no, a world-class— architect, mainly based in Paris.
He became a prince due to the death of his uncle and cousins but—
Dark hair, green eyes, tall—
I've even seen photographs.
I've read many articles about him...

Penny-Rose!
!
Penny-Rose!
I have to get away!
L.. better go.
You may have all the time in the world, but I have no time for your silly jokes!
I...
I assume you will understand



What... kind of joke.. is this?
This is no joke.
But you said "marry."
What...?

How sick
Calling me here, just to make fun of me
Such serious faces
this place is dangerous



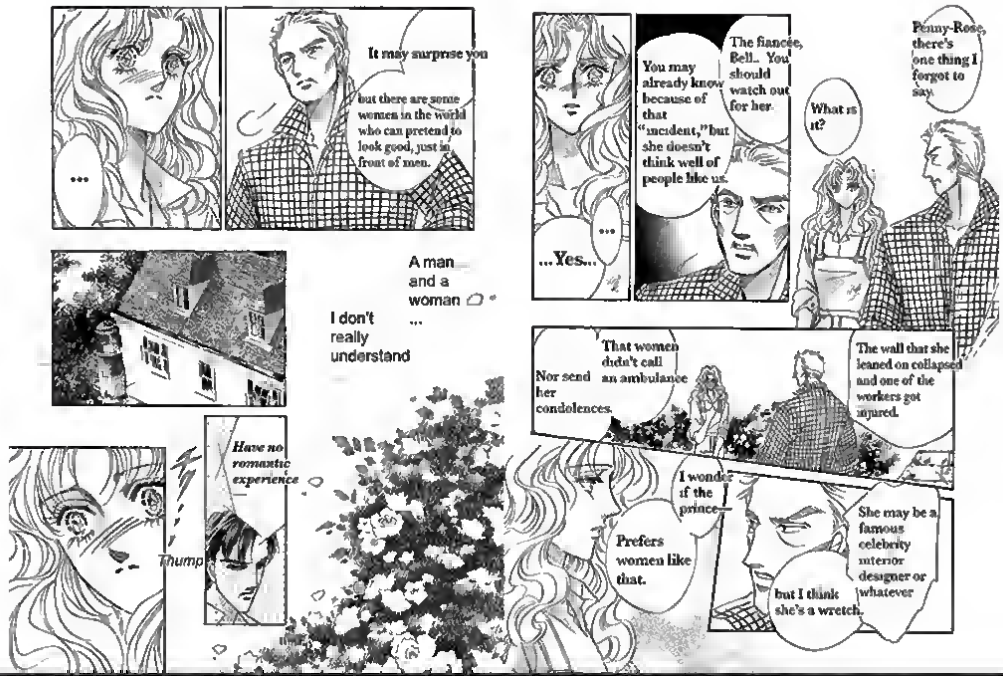
...Yes
A marriage. Between you and me.
...
That's exactly what I said.

Bart
And you're an excellent worker.
But, Penny-Rose, I... no, all of us... would never want a job at the cost of a fellow worker.
...
I did not mean to be so arbitrary.
Squich
Murmur
Prince!
...Very well.
Penny-Rose, I just want you to hear me out.
I don't mind if he comes with us... if that makes you feel any better.
I can't believe it!
How horrible, boss!
What did you say?!
Marriage?! What a cruel joke!
Damn!
If this was England, we could make a formal complaint through the union.
I managed to get away and I'm fine now. So please, boss, I don't need a protest.
This is an important site that lasts 3 years. I don't want to cause any trouble.
It's fine, Bart. I'm all right now.
Penny-Rose...

He thought that if he left strict conditions in the will, his son would change for the better.
The king was worried about his son's, my cousin's, behavior.
It was in my deceased uncle's, the previous king's, will
And so the strict will— was passed down to me
My cousin didn't have time to change, nor a harsh will to set him straight.
But they were both taken unexpectedly.
It was to remonstrate against my cousin who was careless about money and women—
What is the content— of this will?
It was a complex will, but to sum it all up, the successor must be married.
I can't cause any trouble
And the supervisor is with us— I do not mind.
Everyone's job is on the line.
If it is just to talk...
What did you mean when you said you wanted to marry me? The "country" will disappear.
Exactly as I said—
It will disappear. If I do not succeed the throne, all of the public land will be divided and inherited.
When I came from Australia to earn money, everyone took me in so kindly. They're like family to me!
Well, then.
Prince, please come this way.

The thing is— she doesn't.
Pardon me, Prince
Swoosh
Women these days...
Penny-Rose is a serious girl but that doesn't mean she has no experience with love...
!
Wha...
Apologies, Penny-Rose. My mother looked into it.
From a young age you worked instead of your indolent father
You were so busy, you didn't even have time to remember the names of the boys in your class.
Well, you see. I can't.
But, Prince, I believe that you already have a fiancée.
Wouldn't the problem be solved if you married her?
"Married"— I see... So that is why you asked Penny-Rose.
Why?
"I will not question the social status of the partner" but— she must have no past romantic experiences with other men.
She must be a faultless woman of virtue.
My fiancée— Bell... is a remarkable woman— —However
She does not meet the requirements.

Well, then, I guess you're finished for the day.
I have no choice. I was also born into an agrarian home so I understand.
If the land was taken from this country... I can't just play ignorant.
What? Already?
I'm not really familiar with how long women take to get dressed up - but you have a date with the prince tonight, right?
What's more important is that I have to take time off work, but don't fire me, okay? My real goal is to become a master.
Penny-Rose.
To discuss arrangements and all that—
Rustle
Rustle
Just leave it to me!
I'm... already starting to regret this.
...
Bart.
Hmm? What's wrong?
A date with the prince.
Hmmm
I want you to help save this beautiful country.
I want you to be my wife, just for one year.
Will you not regret it?
Are you sure about this, Penny-Rose?



...
It may surprise you
but there are some women in the world who can pretend to look good, just in front of men.
...Yes...
You may already know because of that "incident," but she doesn't think well of people like us.
The fiancée, Bell... You should watch out for her.
Penny-Rose, there's one thing I forgot to say.
What is it?
A man and a woman ...
I don't really understand
That women didn't call an ambulance
Nor send her condolences.
The wall that she leaned on collapsed and one of the workers got injured.
I wonder if the prince
Prefers women like that.
She may be a famous celebrity interior designer or whatever
but I think she's a wretch.
Have no romantic experience
Thump

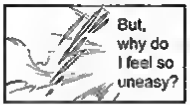
The godmother would just wave her wand—
If this was a fairy tale— Like in Cinderella—
It bothers me so much—
I feel embarrassed...
And any wish—
Would be granted—
Why did my heart hurt when the prince mentioned it...
Small thumps of pain...
Hair that's just been brushed a bit more than usual—
A sundress that's clean—

...
Oh,
Alastair!
It may just be for show but... I will be married to another woman for a year.
Are you sure. . you are okay with that?
What am I saying...?
She's right. And this is the type of woman I desired.
...
I...
I guess so...
I'm supposed to be your best partner for private matters. I'm not going to bring silly emotions into our relationship.
Did you really think I would be jealous of a "hired" bride? She's a stone-waller.

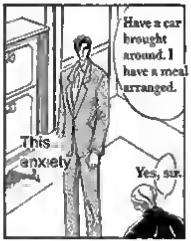
Oh, I don't mind.
If you say no, I'll call it off.
I don't meet those ridiculous requirements.
Sadly, I'm a woman who has had many experiences with love.
There's no choice in the matter. If you don't, then you will never become king.

That's not true. You look beautiful.
Ha
I thought this would be the case, but I didn't think we would look this unmatched.
You... and your stunning suit and my clothes..
Sigh
This—
I'm sorry.
What?
Blush

...
Yes.
I long for an intelligent woman—like her
Good-bye, then.

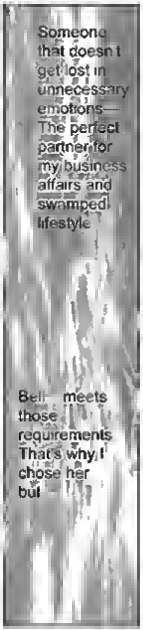


But, why do I feel so uneasy?

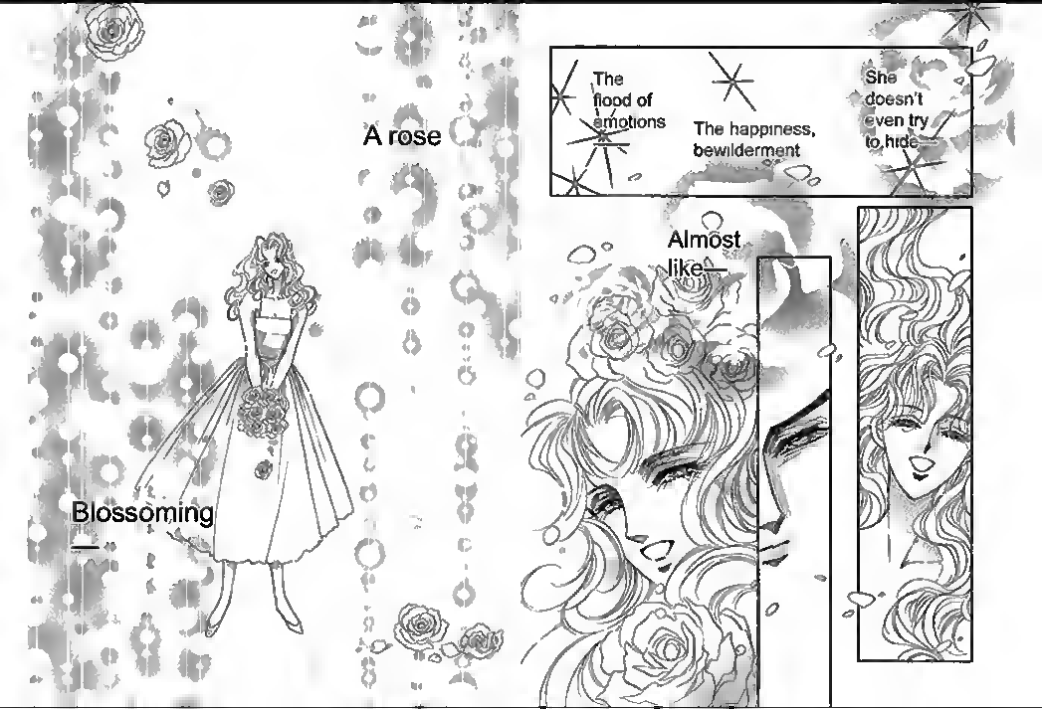


Have a car brought around. I have a meal arranged.
This anxiety
Yes, sir.

Did I want her to
Stop me?
I'll be in New York and Paris for a while on business.
From now on, it will be best if you're not seen with another woman.



Someone that doesn't get lost in unnecessary emotions—The perfect partner for my business affairs and swamped lifestyle
Beli meets those requirements. That's why I chose her but

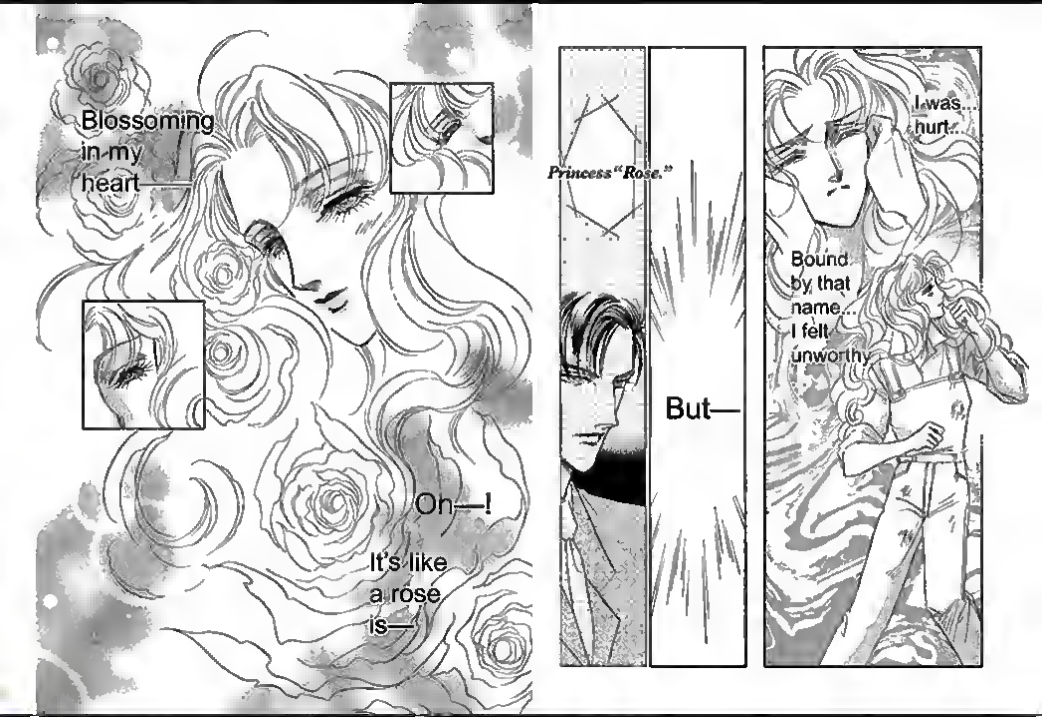


A rose
Blossoming
The flood of emotions
The happiness, bewilderment
She doesn't even try to hide
Almost like

So you are serious ...
...
I'm glad... We can have an enjoyable dinner while discussing the arrangements.
Yes, very much.
It's renovated using the original old stone structure.
I've never been to a restaurant this beautiful.
I will marry you and become the successor of this small country.
Of course. I must carry out my duty as a prince.
Why are you called "Penny-Rose"?
...
Firstly... I wanted to ask you something.
I understand.
So, what should we discuss first?
What?
...
...
Rose?
Do you like it?
Spectacular restaurant.
No, excuse me. I was just... I'm baffled by this...
Oh, sorry. Did I frighten you?

About my father...
You've looked into my home life, right? So you must know...
...
Yes.
It was like my father was cadging for money so I despised it.
And from then on...
And strictly supervised the money we had so my father started calling me "Penny."
When my father sank into alcoholism, I... took his wallet
But "Penny" sounds like an obvious nickname
I felt cheap and worthless. It made me so depressed.
Your name "Penny" is like one penny
You're always complaining about every penny—
I don't like "Penny," nor "Penelope."
Your full name is Penelope Rose O'Shea but you go by the name "Penny-Rose."
Wouldn't you usually go by "Penny" or "Rose"?
Why do you want to know?
...
...why ...
Why?
I guess he said my name to appeal to her.
He... he hoped that my aunt, who named me "Penelope," would leave me with her inheritance one day.
My father... he used to call me "Penelope" all the time deliberately. So unnaturally.
It may be hard to imagine but..

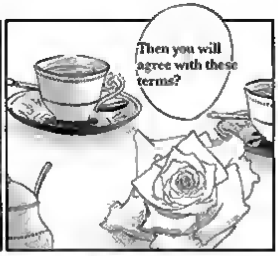
But it will never match what you are worth, Princess "Rose."
What a... large rose... It looks so expensive...
They only had the one at this restaurant.
Princess
Rose...?
Rose...
A name suitable for you.
Because no rose is just one penny— It's a little rude to roses but...
And called me "Penny-Rose."
So my siblings avoided the two names I hated
...
A rose...
—one moment.
Excuse me...
clack
What?
Swoosh



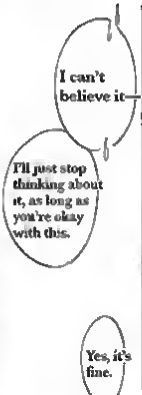
Blossoming in my heart
Oh—!
It's like a rose is—
Princess "Rose."
But—
I was... hurt...
Bound by that name... I felt unworthy

...!
Rationality in love?
She doesn't mind. We are both rational people.
Doesn't she mind this marriage?
You were... engaged to a lady... Bell, right?
...
Of course. It's better if you ask me everything now. After all, we are going to be married for a year.
Can I ask... two more things?
Do you know about the accident... 3 years go?
Ye... yes.
Your father...
O...oh
I don't love Bell.
I don't love anyone.

A million pounds upon the divorce—

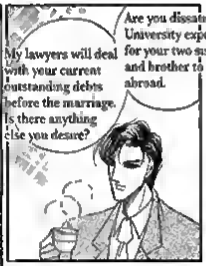


Then you will agree with these terms?



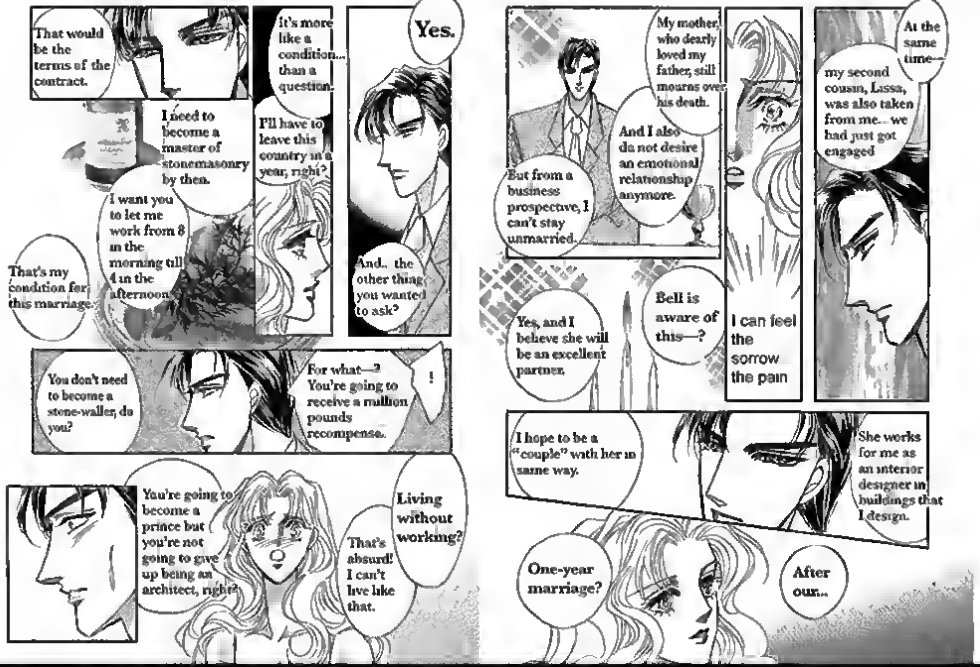
I can't believe it
I'll just stop thinking about it, as long as you're okay with this.
Yes, it's fine.

I don't have billions of pounds to buy this land but—
I can afford to protect your precious honor and privacy.

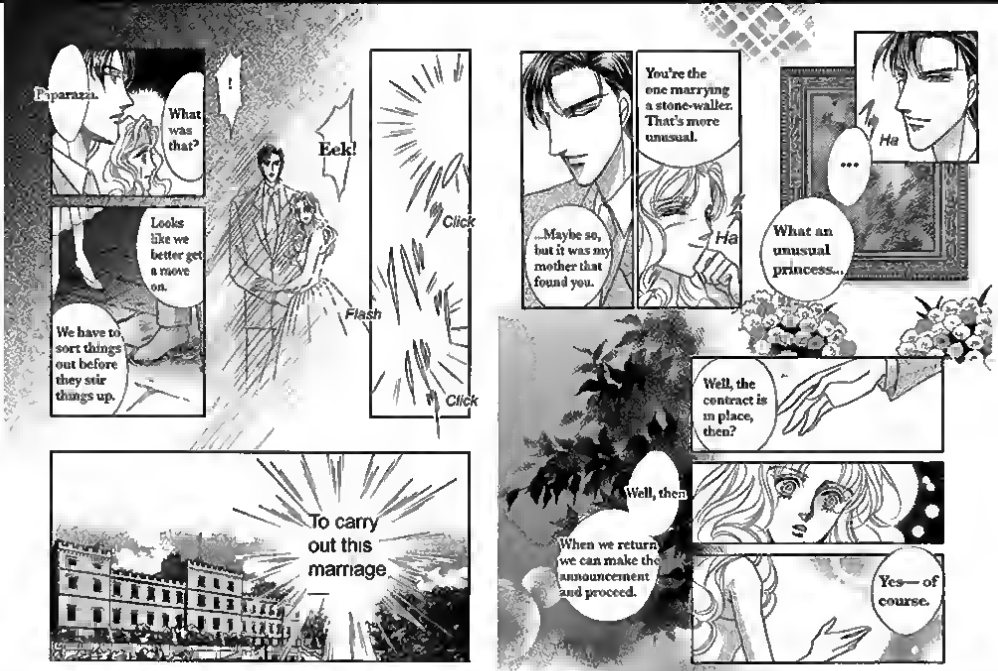


My lawyers will deal with your current outstanding debts before the marriage. Is there anything else you desire?
Are you dissatisfied? University expenses for your two sisters and brother to study abroad.

I'm not dissatisfied at all!! Are you sure... about giving me this much?



That would be the terms of the contract.
it's more like a condition... than a question.
Yes.
I need to become a master of stonemasonry by then.
I'll have to leave this country in a year, right?
I want you to let me work from 8 in the morning till 4 in the afternoon.
That's my condition for this marriage.
And.. the other thing you wanted to ask?
You don't need to become a stone-waller, do you?
For what—? You're going to receive a million pounds recompense.
!
You're going to become a prince but you're not going to give up being an architect, right?
That's absurd! I can't live like that.
Living without working?
But from a business prospective, I can't stay unmarried.
And I also do not desire an emotional relationship anymore.
My mother, who dearly loved my father, still mourns over his death.
Yes, and I believe she will be an excellent partner.
Bell is aware of this—?
I can feel the sorrow the pain
At the same time—
my second cousin, Lissa, was also taken from me... we had just got engaged
I hope to be a "couple" with her in same way.
She works for me as an interior designer in buildings that I design.
One-year marriage?
After our...



Paparazzi.
What was that?
!
Eek!

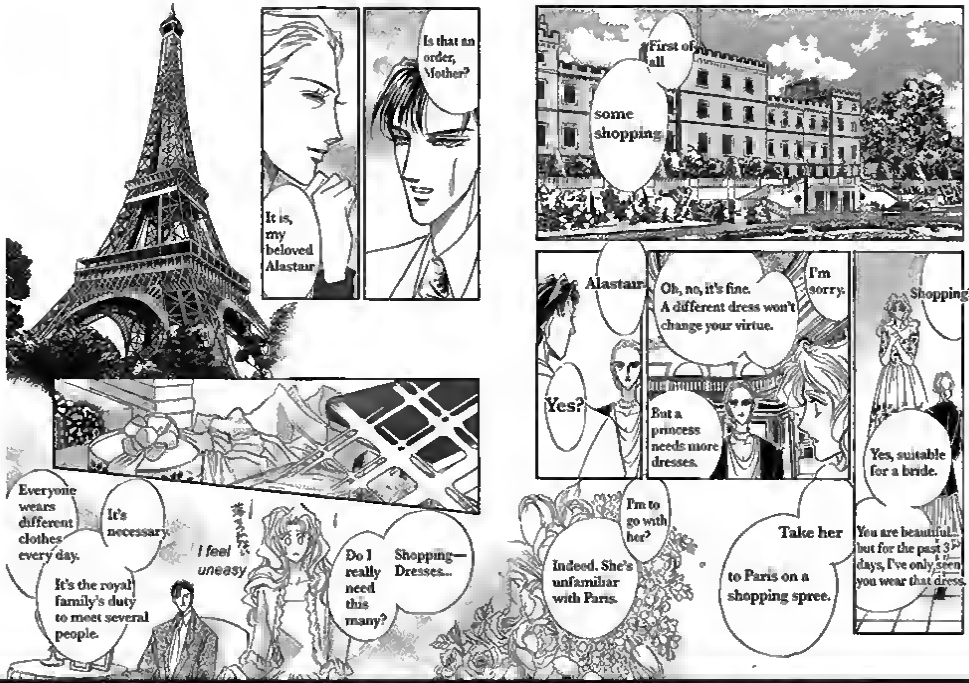
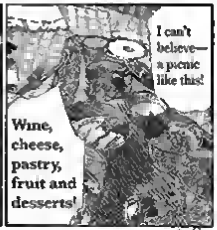
Looks like we better get a move on.
We have to sort things out before they stir things up.
To carry out this marriage
...Maybe so, but it was my mother that found you.
You're the one marrying a stone-waller. That's more unusual.
Ha
...
Ha
What an unusual princess...
Well, the contract is in place, then?
Well, then
When we return, we can make the announcement and proceed.
Yes— of course.



Is that an order, Mother?
It is, my beloved Alastar
First of all
some shopping
Alastair
Yes?
Oh, no, it's fine. A different dress won't change your virtue.
I'm sorry.
But a princess needs more dresses.
Shopping?
Yes, suitable for a bride.
You are beautiful... but for the past 3 days, I've only seen you wear that dress.
Take her
to Paris on a shopping spree.
I'm to go with her?
Indeed. She's unfamiliar with Paris.
Everyone wears different clothes every day.
It's necessary.
It's the royal family's duty to meet several people.
I feel uneasy
Do I really need this many?
Shopping— Dresses...

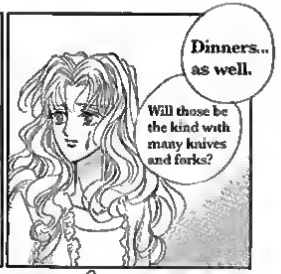
Is it too extravagant again?



I can't believe— a picnic like this!
Wine, cheese, pastry, fruit and desserts!

I'm delighted!
Thank you, Alastair.
Ye... yes.
It's nothing. I also like to have picnics once in a while.

But?
It's not to your taste?
It's lovely! I've never eaten anything so delicious before! But—

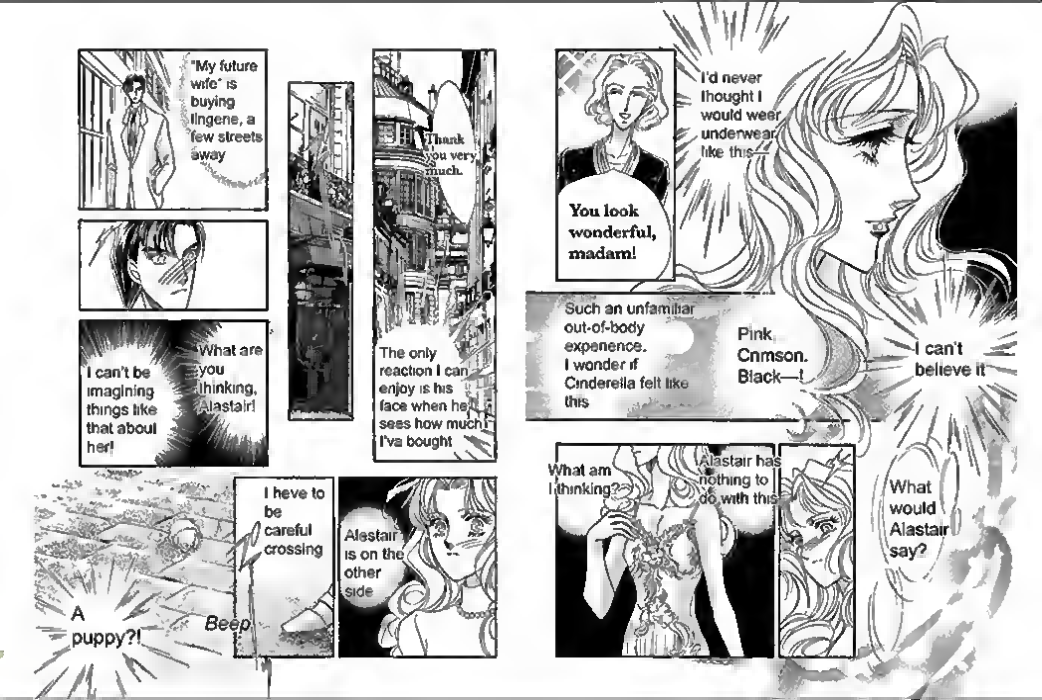


Dinners... as well.
Will those be the kind with many knives and forks?

Don't laugh at me! I'm being serious!
Sorry— Well, then, let's change the plan a little today
What?

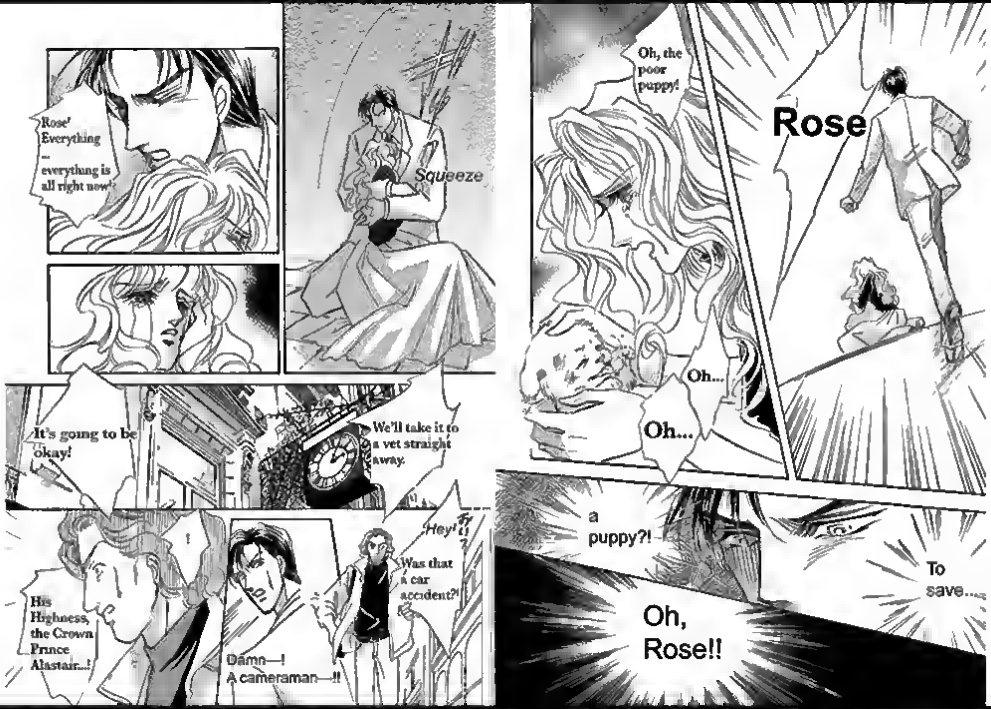
One meal is the same price as a month's worth for me!
I'm terrified every time I eat anything!
Ha ha

Ha
You don't need any help?
I'll... shop here by myself
I'll.
I'll be fine.
It may be a marriage for show— but a real living comes with it.
With life— laughter
And a bundle of emotions
What should I do...?
What am I supposed to do?
I'm already—
feeling so much happiness
How will I distinguish between them —for a year?
But— this is all a lie!
How will I keep telling myself?



"My future wife" is buying lingene, a few streets away
Thank you very much.
I can't be imagining things like that about her!
What are you thinking, Alastair!
The only reaction I can enjoy is his face when he sess how much I've bought
I heve to be careful crossing
Alastair is on the other side
A puppy?!
Beep
You look wonderful, madam!
I'd never thought I would weer underwear like this
Such an unfamiliar out-of-body expenence. I wonder if Cinderella felt like this
Pink, Cnmson. Black—!
I can't believe it
What am I thinking?
Alastair has nothing to do with this
What would Alastair say?

!
Rose?
It's hurt
No!
Yeek
If it got hit by a car—!!
Screech!
Rose!
Watch out!



Rose' Everything -- everything is all right now!
Squeeze
It's going to be okay!
We'll take it to a vet straight away.
Hey!
Was that a car accident?
His Highness, the Crown Prince Alastair...!
Damn—! A cameraman—!!
Oh, the poor puppy!
Rose
Oh...
Oh...
a puppy?!
To save...
Oh, Rose!!

Taxi!
...
Thank you.
Vroom
What an honor—OK.
But till then these pictures stay with me.
Wait!

How about a trade?
A trade? How are you going to stop me releasing a scoop this big?
I know—
It's not a matter of money, Crown Prince.
In 4 days' time—
There will be an official announcement in the principality.
At the interview, you can be given a higher seat than both the CNN and Reuters and allowed to ask questions at the Q and A session. How's that?
Protecting her in his arms—That prince is quite a gentleman
That must have been the future princess—
VETERINAIRE

Everything is all right.
Such unfamiliar words...
It's fine.
It's fine.
It's fine.
No one has ever said that to me before...
Please— Penelope
Take care of your sisters, brother... and your father...

Rose.
Rose.
Here. It's some disinfectant cotton.
Thank you.
It's fine.
Everything is going to be fine.
The puppy only sustained a blow and some scratches. They're treating him right now.
It's fine.

A broad chest and large hands
hold me— Embrace me
No one has ever held me so tightly—
No one has ever told me it's all right and comforted me.
But now—
Prince!
Rose ...
It's fine.
It would be best if they went to an orphanage— You can't take care of all these children—
Hey— come on.
Penny, I only need a little bit of money.
I'll look after them—
I'll look after them so everything will be fine!!

It's wrong!
I want to hold her— and protect her—!
This relationship is for one year— That is the contract —
I shouldn't be feeling these kinds of emotions!
Woof
His arms don't belong to me.
I'm just a hired princess
What should I do?!
What am I supposed to do?
A delicate rose that has never been protected before
Such fragile, shivering shoulders

Your Imperial Majesty's?!
What do you think, Rose?
I personally would be honoured if Rose wore my wedding dress.
...
I... can't ...
Or would you rather have a new one?
It's what I always wanted.
Yes. I would love it if Alastair's bride was to wear it.
should be worn by a real bride.
I am a fake.
That dress ...
You can't?
I'm so sorry I got caught by the paparazzi again...
And the puppy pulled through, too.
I'm glad you are safe.
How adorable
A "romance" can't form without a few dates.
Ha ha ha
It's much more believable than just suddenly announcing it.
Oh, no, it's fine.
I'll have a few shops send some from Paris. The boutiques already have the patterns.
More importantly, the preparations. What are you going to do about the wedding dress?
Mother

Please think about the dress ...
Your Majesty! —I'm deeply touched
...
Thank you so much.
...
Oh ...!
I'm... so honored.
Would the reporters please be seated in the allocated seats, thank you.

She will probably say she'd rather die than wear my dress for her wedding.
She doesn't even wear the same high-fashion clothes twice for a formal evening.
"A real bride"... If you are referring to Bell, she has nothing to do with this.
!
To me—
Rose, it may only be for a year, but you are the woman that will become a bride to save this country.
Your Majesty ...
—
You are a real bride.

"Leo"
I've heard of it before. I believe it was called the King of Lions.
Is "King of Lions" the name of the cartoon?
You're right. Do you have any ideas?
They may ask about the puppy.
I thought we should give him a name.
It's like a dream!
Rose.
Are you ready?
What a surprise
The prince actually kept his word
I'm seated in the front row and I can even ask questions.
A watchdog?!
It's a good name.
Suitable for a watchdog.
Of course. That was my plan.
Alastair... are you going to keep him... Leo?
woof
Erm
Yes.
Er...
Erm...
What's wrong?
Yes.
Just leave all the questions to me.
All you have to do is smile elegantly.

Yes.
Of course.
Alastair ...
Yes?

Can I...
Wear your mother's dress?

Could you start by introducing us to the beautiful lady sitting next to you?
Congratulations, Prince Alastair.
Erm... Ahem ...
After all, he is the puppy you risked your life to save.
If you want to take him with you in a year's time, I'll arrange for a special quarantine inspection and have him delivered to you.
If he still hasn't recovered by then, I will look after him here.
I— I— I feel like I'm about to make an... Outrageous decision.
Yes—
Well, then. Let's take Leo to the conference with us, Princess Rose.
Alastair —!

I was hired by the castle
as a stone-waller for restoration of the building.
It may be a one-year contract but—
I want everything else to be "the truth."

We met—
In the castle.

How much is the truth and how much is a lie—?
Her courage — kindness
I fell deeply in love with her.
What?
Was the truth!

Prince Alastair surpassed his position as prince and confronted me face-to-face.
What attracted me?
What attracted you to the prince?
Rose?!

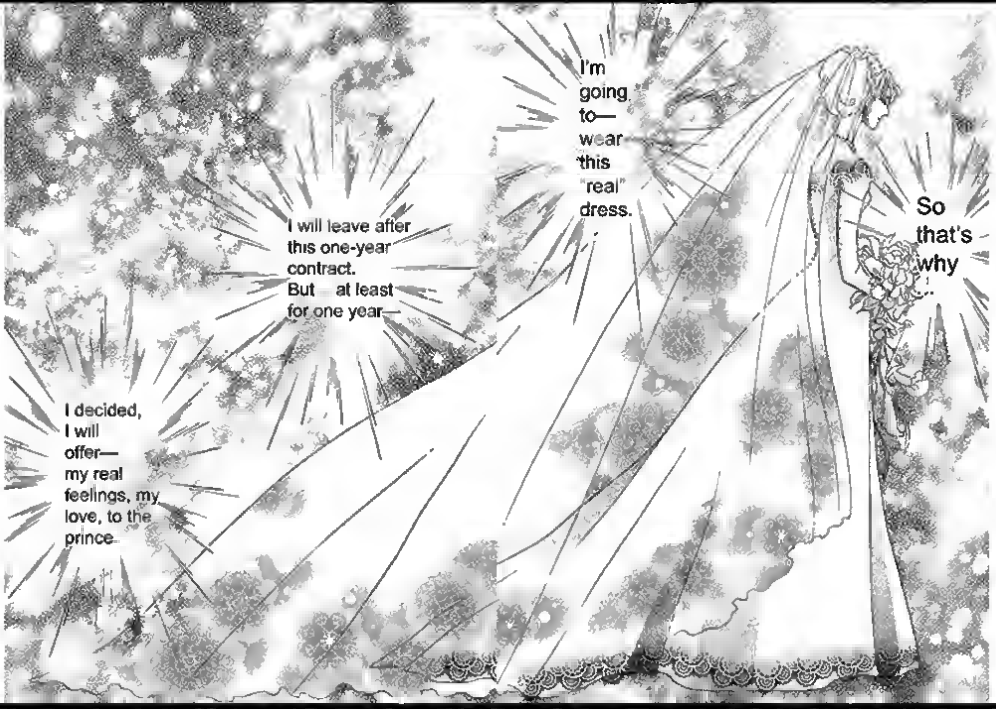
Prince, were you attracted to Miss Rose's courage and kindness?
I happened to witness both of you in Paris, rescuing a puppy.
That's correct.
Yes
Erm... the prince...



I decided, I will offer— my real feelings, my love, to the prince.
I will leave after this one-year contract. But... at least for one year—
I'm going to— wear this "real" dress.
So that's why...

You found everything I love—
So my heart won't be wounded by this fake wedding—
Alastair de Castalac—
I—
love you!

Rose has never had a day off work to have fun. In addition, she's from inland—so both her and her siblings have never been to the Sea.
5 tickets?!
An isolated island in Fiji?!
The finishing touch
is a honeymoon!
I love you!
A honeymoon! I've already made the arrangements.
Mother
We'll have a lovely trip with the 5 of us
I understand... Mother
This honeymoon!
To this oasis—!

Alastair what's going on?!

An admirable true romance— A love that saved a puppy in Paris?
Your love story is all over the French papers, no, all over the world!
I'm glad.. we came.
Look, sis!
Woooow!!!
Yes
Thank you.
Such blinding beauty
—Rose.
Can I ignore this feeling throughout this honeymoon, yet alone a year?!
I'll go order some drinks.
If it doesn't look "real," I won't become king.
You were aware of that.
You overdid it!
Now, when I become your queen in a year's time, I'll look like a villain!
... ... reputation ...
Don't you get it?! This is about my "reputation"!

Well, we're going on a night cruise.
You two have fun!
Heather! Elizabeth!
Michael!
Not "real"
She's a "fake"
You have to stop Alastair!
How thoughtful...?
Swoosh

Yes.
Fine. I'll try my best not to make the matter worse.
Nothing.
What?
"Reputation"
But if she said she was heartbroken because she had
Swoosh
It does seem appropriate for my and Bell's relationship
Maybe she could have stopped my heart from swaying toward Rose...

I'm flattered, Rose... You trust me, but being alone... isn't good.
Please don't... avoid being alone with me so much. It's quite upsetting.
Swoosh...
I'll teach you how I taught Lissa, once...
I... can't swim. I'll have nothing to do here if you ignore me...
We probably should... head back to the villa for some dinner...
Alastair...
I supported her while she swam. It left lots of bruises on my stomach.
Yes... I taught Lissa, as well...
I was 10 and she was only 6...
Lissa...
She was a wonderful cousin...
And a dear friend...

Alastair... Please... love Bell.
What?!
Love Bell?
In a year— When this marriage is over.
You and Bell are really going to be married. You can't just make a wall of pillows in the middle of the bed like us.
Alastair... You can't bring up your children just because it's your responsibility.
What a child really needs... is true love.
An incredible passion—
Between friends?
I don't mind but... are you sure about this?
Lissa!
A marriage?
Lissa... It's the first time since her death...
I can think of her while smiling.
Alastair, marrying someone that doesn't understand love is a little off-putting.
Natural... huh?
It's brilliant being with you So natural.
It's sometimes— unnatural
"Love"?
Yes, "love."
And takes control of your instincts

Your Royal Highness, Prince Alastair. I love...
Your kindness— And your sincerity.
Swoosh
Swoosh
How... am I supposed to respond?
...This courage... This love...!
...
Even my parents, who lost their way in life, created and raised us with love.
That's why, no matter how tough it may have been, we lived on.
No matter how painful it was, we couldn't deny love.
—We shouldn't.
I— love you.
That's why I— I love you, Alastair de Castaline.

Your Highness!!
It's Her Imperial Majesty!
Madame Marguerite

What can I say?
Swoosh
I can't think of anything

What would happen if I loved someone ? If I gave into these feelings ?
The amount of pain – I sustained when I lost Lissa

will be boarding shortly.
The flight departing from Suva, bound for Paris
I may mean nothing to you but—
Aha
Ha ha ha—
Yes? —oh Alastair
Ring ring
Oh.. Hold on a minute, I'm on the phone!
She is your mother—
What? ...I can't hear you—
Bell— I need to ask you a favor!
And my mother-in-law!
Bell!
Alastair!
You— can't get involved in these sort of matters.
You should enjoy the rest of your holiday with your siblings.
Please take me with you, Alastair!

If Madame Marguerite has collapsed and been taken to hospital, I—!
How could I have fun?!
Alastair!

Alastair
Having lost Lissa, you may disagree but. .
People need love.

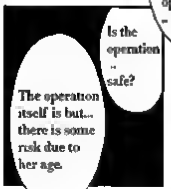
Mother, why do you encourage my and Rosa's relationship?
Mother!
My beloved child, Alastair—
People cannot go on without support from each other.
You're the only one I can rely on... Could you please... stay with her until I arrive?
Please...
My mother's had a heart attack and she's in the hospital in Paris.
I now know what I really want —
After meeting Rose—
Being touched
I long for a different connection.
A relationship not bound by a contract—
Yes ...
I know. Thank you...
Fine... Email me the address of the hospital...
...
I can't hear you very well
Beep

I see...
...
It is highly unlikely, but there is a possibilty.
Could she die during the operation?

Where is Bell?
I... wasn't here but... at least Bell was by her side...

I can't believe it!
How could she?!
As far as I know, no one else has been here.
That can't be...
A friend... I asked to accompany my mother...
?
Bell ?
Who would that be?

...



Is the operation .. safe?
The operation itself is but... there is some risk due to her age.

We could not wait for your arrival. She needed a bypass operation urgently ..
She's in surgery?!
Yes, Your Highness—

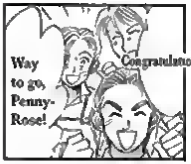
Did you take... 24 hours to choose what to wear...
to the hospital?
Alastair
My poor darling.
You didn't come because she was in surgery... why?
Well, there's no point if she's in surgery.
I phoned and they told me she was in surgery.
Me?
I don't need accompaniment. I asked you to be close to my mother.
Well
I calculated that you would have arrived about now.
Penny-Rose!
Rose!
I wish you were here with me now
Alastair!!
Take me with you—

...
Bell.. Never mind... Please leave.
I was wrong. It seems like I'm not the type of man that can marry you.
I now long for something that doesn't exist between us.
...?
What.. is that...?
It's love— Bell.
That is what I want— now.
Your Highness, please get some rest at the hotel.
Your mother has passed the critical point.
...
Really ...?
A friend ?!
Who could it be?!
It would be best if you told her everything is all right yourself
Yes
You also have a friend waiting in the hotel, as well.
Creak
It can't be Bell —
Then — who —?

Penny-Rose...
Oh ...
Penny-Rose.
Alastair —
How is... Her Majesty?
She's fine.
Every-thing is okay now.
Alastair... You just... kissed me...?
Yes, I did, Penny-Rose.

Forever
You'll never be anything less.
Penelope Rose O'Shea
You taught me, Penny-Rose
You... love..?
Gennine ...?
My one and only wife
Whom I love.
Who will become my genuine wife.
A hated princess anymore?
I'm not...
You're the woman I love.
From now on, forever...
No, you're not.

I do...
...



Way to go, Penny-Rose!
Congratulations!

Congratulations, Penny-Rose. I'm so happy.

I am, too, Your Majesty. I'm so glad you're feeling better.

I do.

"A Royal Proposition"
What would you call them?
Nothing really— I was just thinking what title I would give these photos if I still was part of the paparazzi.
Ha ha
What is it?
...
Thank you.
I wish you much love and happiness, Your Highness.
I wish the best of luck to the people who gave me my success and happiness.

I would have told the whole world...
The story of a princess, who could not refuse a royal proposition of love, which was as beautiful as a rose.
